Irish Philately

INDEX

1963 to 2008

Notes

Note 1

A number of different journals/newsletters (including "Dixons Irish Philatelic News" – see note 3 below) were produced by the "Irish Study Group" later to become the "Irish Philatelic Circle", commencing in 1957. "Irish Philately" was first published in 1963. 4 issues of a joint IPC / EPA publication were produced in 1972 / 1973. These were entitled "Journal of Irish Philately" (abbreviated to JIP in the index).

Note 2

The following issues of "Irish Philately" were not produced:-

4/65,4/66,2/68,3/68,4/68,2/72,3/72,4/72,4/73. The joint JIP publication referred to above replaced the latter four issues.

Note 3

F.E. Dixon's Random Notes: These originally appeared as "Dixon's Irish Philatelic News" issued to members of the Irish Study Group from 1958. They were not included in "Irish Philately" until 1972. Publication of these notes ceased in 1988. Since inclusion in this index would involve a large number of similar entries, they have not been included.

Note 4

"That Was The Year That Was" for 2000 and 2001 and "The post offices and date stamps of Leitrim" were issued as separate supplements ("Sup") with the issues indicated.

Any omissions/corrections to this index should be communicated to the Secretary, Michael Priestley.

Note 1

A number of different journals/newsletters (including "Dixons Irish Philatelic News" – see note 3 below) were produced by the "Irish Study Group" later to become the "Irish Philatelic Circle", commencing in 1957. "Irish Philately" was first published in 1963. 4 issues of a joint IPC / EPA publication were produced in 1972 / 1973. These were entitled "Journal of Irish Philately" (abbreviated to JIP in the index).

Note 2

The following issues of "Irish Philately" were not produced:-
4/65,4/66,2/68,3/68,4/68,2/72,3/72,4/72,4/73. The joint JIP publication referred to above replaced the latter four issues.

Note 3

F.E. Dixon's Random Notes:
These originally appeared as "Dixon's Irish Philatelic News" issued to members of the Irish Study Group from 1958. They were not included in Irish Philately until 1972. Publication ceased in 1988. Since inclusion in this index would involve a large number of similar entries, they have not been included.

Note 4

"That Was The Year That Was" for 2000 and 2001 and "The post offices and date stamps of Leitrim" were issued as separate supplements ("Sup") with the issues indicated.
